APPLICATIONS

- Sump Pump Basins, Holding Tanks
- Water, Holding & Sewage Tanks
- High or Low Temperature Warning
- Industrial Process Monitoring
- Loss of Pressure Alarm

Alarm can be activated by any dry-contact Flow, Level, Pressure or Temperature Switch!

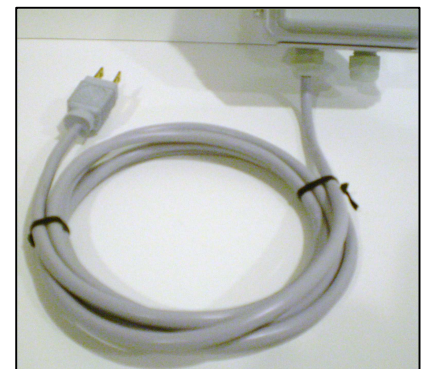

DESCRIPTION

Model MCAB-1-110V Universal Alarm Box is designed for indoor or protected outdoor use. The unit features a non-metallic rugged enclosure, a combination red LED strobe/piezo buzzer, and external "power" and test switch. The unit is design to provide an audible and visual warning to notify of an alarm condition. Any dry-contact, non-powered type flow, level, pressure or temperature switch attaches to unit. Contact closure will activate the alarm.
